Platinum partner

Gold partners

Silver partners

The HepHIV2014 Conference in short

Brian West,
Chair, Board of Directors
European AIDS Treatment group (EATG)

HepHIV2014 Conference Objectives

1. Provide the fields of HIV and viral hepatitis with the opportunity **to learn from each other** and to reflect on their experiences.
2. Provide an **overview of European innovative initiatives and best practices on optimal testing and earlier care for HIV and viral hepatitis** from different settings across Europe.
3. Highlight and discuss **achievements and obstacles** experienced in both fields, whilst maintaining focus on the **lefthand side of the “treatment cascade,”** with regards to undiagnosed cases, testing and initiation of care.
4. Sustain and fuel the **political discussion of testing policies** with the EU Commission and Parliament, the WHO Regional Office for Europe, ECDC and EMCDDA and the European Union HIV/AIDS Civil Society Forum and Think Tank and the implementation of testing policies at national levels.

HepHIV2014 Conference Objectives - 2

1. Provide opportunities for **multi-stakeholder dialogue** to develop **creative solutions** to unresolved challenges in research and implementation of HIV and viral hepatitis policies and programmes to improve early diagnosis and care of HIV and hepatitis across Europe.
2. **Inform leaders, including key policy makers and donors**, as to **increase their commitment** to ensure that HIV and viral hepatitis infected patients enter care earlier in the course of their infection than is currently the case.
3. **Increase public awareness of the public health problems associated with late presentation for HIV and viral hepatitis care.**

Conference participants

- 242 participants from 38 countries
- Clinicians 25 %
- Community representatives 34 %
- Policymakers 10 %
- Others (social scientists, epidemiologists, statisticians) 23 %
- Media, Industry, etc. 8 %

Programme

- Plenary sessions (7)
 - A few last minute changes on extra sheet in the programme
- Parallel abstract-driven sessions (6)
 - All sessions will be video recorded
- Posters (48 + 33 (oral abstracts))
 - Important part of the programme
 - Monday 15:15-16:15, Tuesday 12:30-13:30
- Social programme
- Side meetings

Partners and expected outcomes

Jens Lundgren, Professor
Rigshospitalet, University of
Copenhagen

Partners

The Correlation Hepatitis C Initiative
